### **Green Flag Award**

I am delighted to confirm that you have been successful in renewing your Eco-Schools Green Flag on 14/05/2020. Dr Francesca Di Palo was very impressed with your school's work.

Congratulations to all concerned - staff and pupils alike, and not forgetting the caretaker and many parents who helped your school achieve its environmental targets. You will hold the flag for two years, and then you are asked to apply again, addressing a different topic or looking at ways of making sound financial savings.

Applications must now be made online through your School Zone when it comes time to renew your award, and you will have to use the online Data Zone for all of your chosen topics.

The assessors made the following comments about the **strengths** of your school evident in the assessment visit:

""

The assessors made the following **suggestions** which may enhance your Eco-Schools programme going forward:

"Large gap between flags but great evidence provided both in application and on website. Could provide more data."

The assessors made the following **requirements** which **must** be implemented before their next assessment:

""

Once again, many congratulations to all and keep up the good work!

Yours sincerely
